After his son Ludwig joined the company, E. Bakalowits & Sons grew and became one of the foremost crystal chandelier manufacturers in the Austro-Hungarian Empire. In 1892 Ludwig Bakalowits received the order to manufacture the chandeliers for the Neue Hofburg Palace in Vienna for Emperor Franz Joseph I and was appointed Imperial and Royal Purveyor to the Court.

The background is a detailed, sepia-toned world map. It features various geographical labels such as 'AMERICA', 'ASIA', 'AFRICA', 'EUROPA', 'MONGOLIA', 'INDIA', 'TERRA AUSTRALIS', 'ANTARCTICA', 'ARABIA DESERTA', 'FRIEDLANDIA', 'BENIN', 'CAPRICORN', 'AETHIOPIA', 'MOSCOWIA', 'PARSEY', 'INDIA ORIENTALIS', 'CORASAN', 'TYRCHESIA', 'MONGOL CIRCULVS', 'ARCTICVS', 'TROPICVS', 'INDIA', 'TERRA AUSTRALIS', 'ANTARCTICVS', 'CAPRICORN', 'AETHIOPIA', 'MOSCOWIA', 'PARSEY', 'INDIA ORIENTALIS', 'CORASAN', 'TYRCHESIA', 'MONGOL CIRCULVS', 'ARCTICVS', 'TROPICVS'. There are also decorative elements like a portrait of a man in a circular frame at the top center and a sailing ship at the bottom center. The map is framed by ornate scrollwork.

1885 the company was exporting its products to America and Asia. In 1900, Bakalowits & Sons displayed their crystal chandeliers at the World Exposition in Paris. Other exhibitions in St. Petersburg, London, Geneva and Turin followed.

In 1955 Bakalowits was entrusted with the manufacture of new lighting fixtures for some of the Viennese buildings that had suffered damage during the Second World War.

These included the Parliament, the State Opera House, the National Theatre, City Hall, St. Stephan's Cathedral, and others.

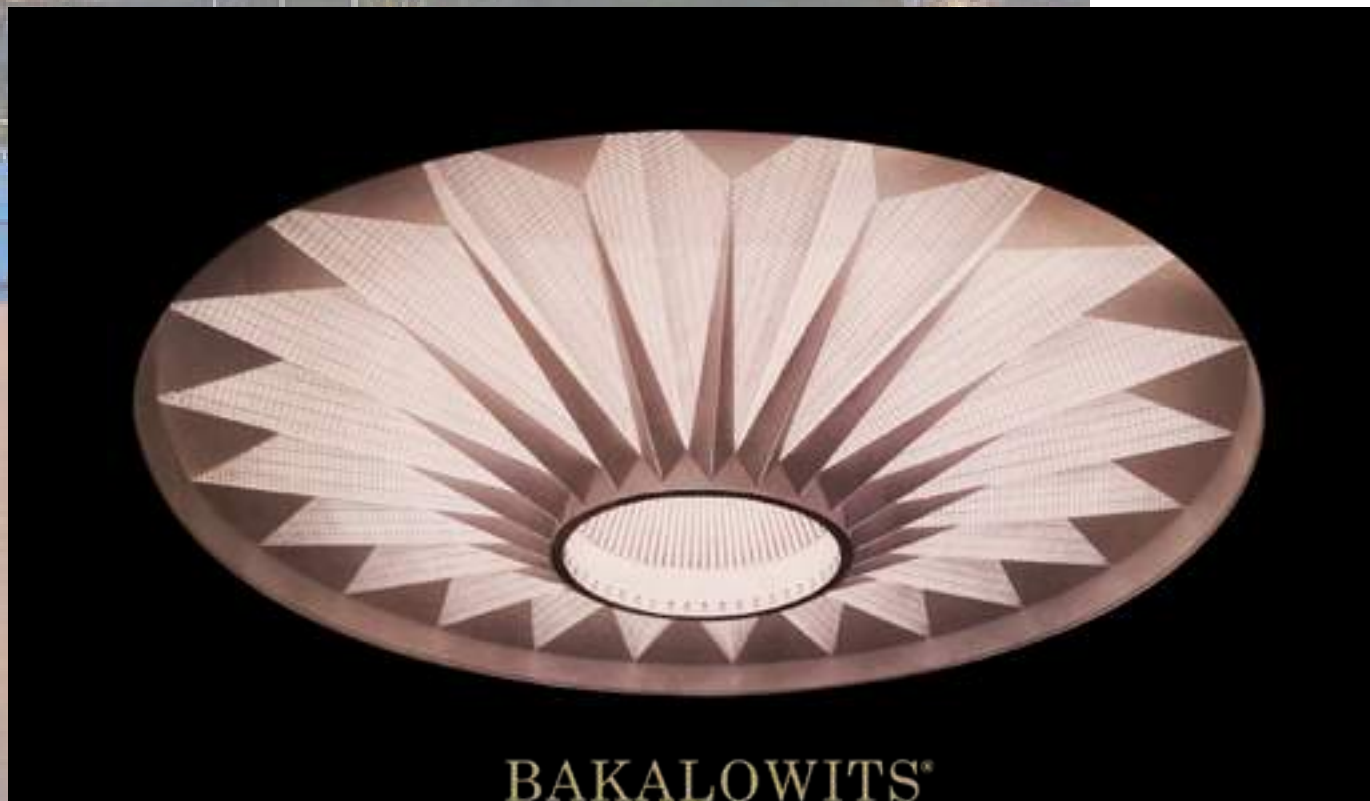

BAKALOWITS®
LIGHT DESIGN

Recognizing the increasing demand for luxury products in Asia and the Middle East in the 1960's, Bakalowits extended its business to those regions through close cooperation with international architects and designers. It did so while continuing its growth in Europe, where Bakalowits manufactured the largest chandelier ever built for the Parliament in Belgrade, Yugoslavia..

BAKALOWITS®
LIGHT DESIGN

New designs and reproductions

Our designers are experienced in all design styles from various periods and cultures, including Classical, Baroque, Empire, Maria Theresa, Art Deco/Art Nouveau, Modern, Mediterranean/Murano, Arabic, and Asian. If requested, they also create designs for original products or reproductions of historical and modern fixtures.

All designs are the sole property of Bakalowits Light Design and may be used only with special permission.

Production - Crystallglas

Our production staff manufactures these designs using the highest quality materials under the strictest quality control.

We use premium quality full cut Austrian crystal glass. The client can select clear or colored crystal pendants.

BAKALOWITS®

Surface processing

The metal surface of the chandelier frames can designed in any desired design be (for example gold, silver, bronze, hand leaf gold-plated or silver-plated, polished, with patina etc.) and of course in any color you request like black, brown, white, gold, rose gold etc.

Because of our extensive historical records and our specialists' expertise, we are able to repair and restore chandeliers and other light fixtures of various styles and periods made by Bakalowits or other manufacturers.

All work is done at our Vienna workshop.

The image features a central horizontal band containing a classical painting of a woman's face. The woman has light skin, dark eyes, and dark hair. The background of the painting is a warm, textured brown with some reddish-orange highlights. Overlaid on this painting is the text 'Empire / Biedermeier' in a white, elegant script font. The text is centered horizontally and spans most of the width of the painting band. The entire composition is framed by dark blue horizontal bars at the top and bottom, and a white vertical bar on the right side.

The image shows a wide-angle view of a grand, empty hall. The floor is covered in a light-colored carpet with a repeating geometric pattern. The ceiling is high and features a series of large, rectangular, glowing light fixtures that resemble chandeliers or large light panels. The walls are dark and appear to be made of wood or stone. The overall atmosphere is one of luxury and elegance.
